Public Comment- Butch Peterson stated that he would like to help in any way that he could.

Spoke about taking down 2 feet of the levee by the rail road tracks and at Iowa Colony, this would help people north of the rail road tracks. The bridge on 171 is a problem, they replaced the bridge with the same square footage as the old bridge but it is now taller, but not as wide as the old one was.

Mayor and Council Updates

Mayor stated that we are the only community that has not got bids for our projects. The holdup is Kaluza. We have a deadline of June 15, 2020 bids will be opened on this day. The Mayor asked council to help with getting the bids and calling asking for bid from the companies. We can't afford not to have bids, we have one shot at this. Our time is short. Ann Lister said we are in the final part of the grant. We are in the urgent need department. We are going to get the grant.
